Bubble Leaf and Lawn Blower

2+
years

#1 To Install Batteries:

Remove screw & battery compartment cover. Install 2 AA Alkaline batteries. Replace battery compartment cover and screw to close. To ensure best performance, install fresh AA Alkaline batteries.

#2 To Fill:

Remove cap and seal from your 8 fl oz (236.57 mL) Little Tikes® bubble bottle. To fill your Bubble Leaf and Lawn Blower, open plug located on the circular top cover, and pour solution slowly. Monitor fill level by watching solution funnel into clear window on the right. Stop pouring once you see the tank is 3/4 full.

#3 To Begin:

Your Bubble Leaf and Lawn Blower turns on/off by pulling the handle. To begin, squeeze handle approximately 10-20 seconds. This will allow the solution to coat the bubble wand.

#4 To Play:

Once bubble wand is coated with solution, squeeze and release handle gently several times until bubbles appear. Once bubbles appear, continue to squeeze the handle for endless bubble blowing. To stop bubbles, release handle. For best results, repeat steps above.

#5 Should Leaking Occur:

Simply point nozzle upward for 3-5 seconds to recycle excess solution. Do not squeeze handle during this step.

#6 To Store:

To drain bubble solution, tip Bubble Leaf and Lawn Blower upside down. Fill Bubble Leaf and Lawn Blower with COLD WATER and operate for 30 seconds allowing the water to rinse out your Bubble Leaf and Lawn Blower. Drain water, towel dry and store. Remove batteries for long term storage.

HELPFUL HINTS!

1. Make sure you always have enough Little Tikes® bubble solution to fill your Bubble Leaf and Lawn Blower.
2. The Bubble Leaf and Lawn Blower work best with Little Tikes®, Miracle Bubbles®, or Super Miracle Bubbles® solution.
3. Be patient. For tons of bubbles you must allow time for solution to fully coat the bubble wand.
4. To make the best bubbles, hold your Bubble Leaf and Lawn Blower upright and don't pull the handle too rapidly.
5. To ensure best performance, always make sure to replace batteries with fresh AA Alkaline batteries at the first sign of wear.
