

#1 To Install Batteries:

Remove screw & battery compartment cover to install 2 AA alkaline batteries. Replace battery compartment cover & screw to close.

To ensure best performance, install fresh AA alkaline batteries.

#2 To Insert Handle:

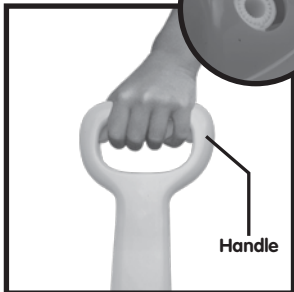

Insert handle into back of coupe. Press firmly until you hear a click.

#3 To Fill:

Remove cap and seal from your 8 fl oz (236.57 mL) Little Tikes® bubble bottle. To fill your Cozy Coupe® Go Bubbles, open the plug located on the side of the cab and pour solution slowly. Monitor fill level through the clear tank. Stop pouring once it is 3/4 full. When closing plug of the cab, firmly press the plug until it is securely closed.

#4 To Begin:

Your Cozy Coupe® Go Bubbles turns on/off by pulling the handle. To begin, squeeze the trigger located on the handle approximately 30 seconds. This will allow the solution to coat the bubble wand.

#5 To Play:

Once bubble wand is coated with solution, squeeze and release handle gently several times until bubbles start to appear. Once bubbles appear, continue to squeeze the handle for bubble blowing. To stop bubbles, release handle and opening will close. For best results, repeat steps above.

#6 To Store:

To drain bubble solution, open plug & turn the Cozy Coupe® Go Bubbles on its side. Fill with COLD WATER & operate for 30 seconds, allowing water to rinse out the Cozy Coupe® Go Bubbles. Drain water, towel dry & store. Remove batteries for long term storage.

Made In China

ADULT ASSEMBLY IS REQUIRED - THERE ARE SMALL PARTS BEFORE ASSEMBLY. PLEASE KEEP AWAY FROM CHILDREN BEFORE ASSEMBLY.

HELPFUL HINTS!

1. Make sure you always have enough Little Tikes® bubble solution to fill your Cozy Coupe® Go Bubbles.
2. Cozy Coupe® Go Bubbles work best with Little Tikes®, Miracle® Bubbles, or Super Miracle Bubbles® solution.
3. Be patient. For tons of bubbles you must allow time for solution to fully coat the bubble wand. Prime with bubble solution for at least 30 seconds for the best bubble action.
4. To make the best bubbles, hold your Cozy Coupe® Go Bubbles upright and don't pull the handle too rapidly.
5. To ensure best performance, always make sure to replace batteries with fresh AA alkaline batteries at the first sign of wear.

IF SOLUTION GETS INTO EYES, RINSE IMMEDIATELY WITH WATER.

Patent Pending
DO NOT DRINK. NOT A FOOD ITEM.
